MINE DISASTER IN ALABAMA

Seventy Lives Lost, Sixty Injured When 480 Workers Are Trapped In Mine

(By Associated Press)
Birmingham, Ala., Nov. 23—Eighty four lives were lost and sixty persons injured in the explosion at the coal mine of the Woodward Iron Company yesterday, according to a statement issued at noon today.

Number Lost May Reach 100
(By Associated Press)

Birmingham, Ala., Nov. 23—Officials of the Woodward Iron Company, owners of the coal mine where the dust explosion trapped 475 miners yesterday, announced today that 83 bodies have been taken out and it is feared the total dead might reach 100. Approximately sixty men were reported injured. It was a pathetic scene about the mine mouth as relatives and friends gathered, waiting expectantly for news of loved ones. It will probably be late tonight before an official count of the dead and injured will be available.

An Earlier Story

Birmingham, Ala., Nov. 23—Seventy miners were killed and 60 injured, some of them seriously, in a dust explosion in Dolomite Mine No. 3 of the Woodward Iron Company, 9 miles from this city, Wednesday afternoon when the blast trapped 480 workers beneath the surface, according to an official statement issued here by D. E. Wilson, treasurer of the company.

State militia gradually is assuming charge of policing the district surrounding the mouth of the pit, and last night it was stated that martial law might be declared to avoid congestion about the mine owing to the influx of the curious.

According to Treasurer Wilson, many of the injured have been taken home after receiving first aid treatment at the mouth of the mine, their hurts only being of a minor nature.

Mr. Wilson stated that the more seriously injured miners had been removed to a hospital at Bessemer, near the scene of the accident.

According to one of the first miners to be taken out alive, the explosion came with little warning. This miner stated the concussion he had was the concussion of the big blast. He started to make his way toward the mouth of the mine and was joined by other miners.

After they had proceeded a short distance, shouts of other miners were heard ahead of them, and holding their breath as best they could, muffling their faces in coats and clothing, they struggled onward, finally winning their way to the fresh air and the entry way.

These men were among the first to reach the outside with actual news of the terrible situation inside the mine. They told of passing over bodies in the main entry and of seeing other miners, badly injured and moaning for help or collapsing as the final afterdamp snuffed out their lives.

Forfeit Removed From Liquor Permit Bond

(By Associated Press)
Washington, Nov. 23—Drugists and others permitted under the law to handle intoxicating liquors, will no longer be required to furnish bonds containing provision requiring them to forfeit 25 per cent of the amount covered by surety in case they violate the prohibition law. The new ruling is effective today.

Baron Sonnino Suffers Stroke Of Apoplexy

Rome, Nov. 23—Baron Sidney Sonnino, 75, former premier and foreign minister, suffered a stroke of apoplexy today and is dying. The stroke is described by physicians as cerebral apoplexy and the condition has left no hope for recovery.

KENTUCKIAN IS A MAJOR GENERAL

(By Associated Press)

Louisville, Nov. 23—A special from Washington to the Louisville Times today says that Brigadier General Frank Long Winn was among seven army officers nominated by President Harding yesterday to be made major generals. He was born at Winchester, Ky., and attended school at Centre College, Danville. He has been in the army since 1886. He served in the Sioux Indian campaign in 1890, the Spanish-American war, the Philippine insurrection, Mexican punitive expedition and the world war.

BUTLER NOMINATED ASSOCIATE JUSTICE

(By Associated Press)

Washington, Nov. 23—Pierce Butler, of St. Paul, Minnesota, was nominated by President Harding to be Associate Justice of the Supreme Court to take the place made vacant by the resignation of Associate Justice Day. Butler is a democrat, 56 years old, and has been a practicing attorney in Minnesota since 1888. He has been counsel for the government in a number of important cases. It is said he has also been a railroad attorney.

ROTARY CAPTAINS SELECT TEAMS

The Rotary Club at its meeting Tuesday acted upon the suggestion of President John W. Menzies, of the Covington Rotary Club, and has already organized two teams in a contest among the members of the local club to put Richmond Rotary in the magic number of 100 per cent meetings.

Two captains were elected and each chose from the members. Captain Edwin Powell chose the following: H. W. Carpenter, Z. T. Rice, Jas. W. Hamilton, R. E. Turley, P. M. Smyer, Jas. Sewell, Wm. S. Broadbent, John Yates, S. M. Sanley, T. J. Coates, D. W. Kennedy, J. Hale Dean, Dr. D. J. Williams and Thos. H. Collins.

Captain Geo. D. Simmons chose the following: Ed C. Stockton, H. P. Harris, John H. Payne, J. Preston Smith, L. W. Dunbar, O. F. Hume, W. W. Broadbent, Dr. T. J. Turley, H. B. Forbes, Wm. Evans, A. H. Zaring, R. R. Burnam and Douglas Chenault.

Every one to be there next Tuesday. This contest runs until Christmas.

Shades Of James Brothers

(By Associated Press)

St. Joseph, Mo., Nov. 23—The days of hard riding, quick shooting James boys, who raided Gallatin, Mo., half a century ago were recalled today when six bandits robbed the First National Bank of \$4,000 in gold and currency.

This time the speeding ponies which would sprint instantly after their masters had finished the job and jumped into the saddles, were missing, but watchers held the crowd of citizens at bay while "inside men" grabbed the loot.

The bandits today came by motor cars. They overlooked \$10,000 in their hurry to depart and they used sawed-off shotguns instead of revolvers. No trace of the bandits has been found.

WANT STATE CLUBS TO FEDERATE

(By Associated Press)

Frankfort, Ky., Nov. 23—A movement to make the various Parent-Teacher organizations of the state federate with the Kentucky Parent-Teacher Association and join the national body also, has been started by Mrs. Betty S. Harris, state organizer. Mrs. Harris has visited the parent-teacher clubs in all parts of the state in the interest of the organization.

The aim of the organization is to present the names of 30,000 persons for membership when the national and state convention meets in Louisville April 23, 1923. Mrs. Harris has sent out a call for all local organizations to get in touch with state headquarters and apply for membership in the state and national associations.

The officers of the Kentucky Parent-Teacher Association are Mrs. George C. Wilson, Louisville, president; Miss Elizabeth P. Stenffer, Louisville, corresponding secretary; Mrs. V. O. Gilbert, Louisville, treasurer and Mrs. Harris, state organizer.

GEORGETOWN FROSH PLAY HERE FRIDAY

Unless a Thanksgiving football game can be arranged for Richmond the last chance to witness football here this season will be had Friday when the Georgetown College Freshmen will be here to meet Eastern. The game will be played on the campus gridiron where some inside football is expected to be pulled. The Tiger Cubs come here with a strong eleven which will be sure to give the Normalites a run for their money. Although having been downed by the State Freshies twice this season by big scores the Georgetown first termers have a fair combination. Little is known by the Eastern team of the Georgetown tactics which means that they will have to be on the lookout for anything as the Friday visitors are well coached and likely to spring a puzzling attack at any time.

The Eastern squad has been working out daily on its field, getting some snappy work every time. Coach Hembree is stepping on the gas and expects to get more fight into his charge by the Georgetown game. Marshall Hurst, local backfield man on the Eastern eleven, who has been out of the game for a week, was back in uniform Wednesday. He showed his usual good form. Hurst's return will strengthen the team greatly.

Holt, who is out with an injured ankle, will be missed. Moberly, who has been suffering with an injured hand, is expected to start Friday. This means that the Eastern backfield will be composed of Captain St. at quarter, Powell at full and Hurst and Moberly at half. This looks none too good for the Freshies. Word and Co.ington will likely be the end selected, Carr the center and Lewis and Jayne tackles and Spencer and Hampton guards.

The men have signified that they expect to do everything in their power to end the home season with a victory, their final game being with Union College at Barbourville Turkey Day.

Daugherty Impeachment To Be Heard December 1st

(By Associated Press)

Washington, Nov. 23—The House judiciary committee today adopted a resolution calling on Representative Keller, republican, of Minnesota, to present by December 1st a statement of facts showing the alleged act or acts for which he has asked the impeachment of Attorney General Daugherty. He was requested to name as far as possible "the persons involved in each transaction, the time and place thereof and witnesses by which the facts can be substantiated."

POULTRY POINTERS FOR NOVEMBER

County Agent R. F. Spence sends the Daily Register the following "Poultry Pointers for November":

It is now time to dispose of all surplus stock and put the birds in winter quarters. Male birds for next spring's breeders should be purchased now to insure a good selection.

Roup and chicken pox which usually are found associated are the most common diseases that are found among adult fowls in Kentucky. These diseases very often start at this time of the year and continue thruout the winter, keeping the egg production down and lowering the profit from the flock. In many cases the trouble is caused by damp houses, over crowding or lack of ventilation. Each bird should be allowed four square feet of floor space if they are confined and never less than three and a half feet under any circumstances. For ventilation, it is a good rule to allow one square foot of south front opening to each ten birds. If you wish to remodel your houses to avoid these troubles write to your county agent for Extension Circular 107 on "Housing Farm Poultry."

For treatment all sick birds should be removed from the flock and copper sulphate at the rate of one ounce to 10 gallons of water should be kept in the drinking water. Also give it to healthy appearing birds for 3 days. For individual treatment, clean the birds' nostrils thoroughly by washing with lukewarm salt water and then dip the head in same. Apply kerosene in the nostrils with a medicine dropper or feather. If chicken pox scabs are found on the comb or canker in the mouth the scabs should be removed and burned and the sores painted with tincture of iodine.

Potassium permanganate is a good remedy, but since it loses its strength so rapidly copper sulphate is recommended in place.

The Veterinary Department of the College of Agriculture at Lexington, has worked with vaccines for these diseases. They have found that the results of vaccination are satisfactory when the vaccine is prepared from material collected from the infected birds out of the flock to be vaccinated. If interested in using the vaccine write your county agent for further information. It is impracticable to vaccinate flocks of fewer than 100 birds.

EXCHANGE CLUB HOLDS MEETING

The regular meeting of the Exchange Club was held in the Glyndon Hotel Wednesday noon with President Telford presiding.

It was proposed by President Telford to make the week in which the Exchange Club presents their Historical Pageant a Home-Coming Week for Madison county. Committees were appointed to work this feature up and to help advertise it to every Madisonian who is away from his or her dear old home county and get them interested and enthused to the point that they will all be here for one big week, besides giving them the Pageant as an added attraction.

The matter was taken up about the mail service Richmond is now getting. The noon mail that used to come in on the fast train at 11:30 now comes on the local at 12:30 and that is often very late. Thereby, the business houses don't get their mail until late in the afternoon or the next day. It was agreed to write a letter of protest to Postmaster Burnam and to assist him in every way possible to get the mail put on the fast train now due at 10:16 in the morning. The Postmaster is just as anxious for the change as is every business man in town.

Exchangeite Deatherage had as his guest Mr. Boyd Wagers, who told of some of his funny experiences in his charming manner, much to the delight of the club.

Exchangeite H. L. Donovan was welcomed back after several weeks of illness.

A letter was read by Pres. Telford from the Kentucky Highway Association and after discussion of this proposed road it was moved the club give all assistance possible to the Chamber of Commerce, who have this matter under consideration and who will send delegates to Irvine December 1st to the meeting.

Commissioner Makes Splendid Sale

Master Commissioner R. B. Terrill had another splendid sale Thursday morning when he sold for William Harvey Wylie's heirs, 114 1-2 acres at \$156.50. The land is located on the Lost Fork pike, between Red House and White Hall. The sale was most satisfactory and a large crowd was in attendance.

Prize Story Basis Of Great Photoplay

"Footfalls," the William Fox superspecial production which is shown at local theatres Thursday, is based on a magazine story written by Wilbur Daniel Steele under the same title. This fact may puzzle those who have read the story, which centers upon the sound of footfalls, heard and interpreted in an amazing fashion by a blind color. The O. Henry Committee of the Society of Arts and Sciences awarded the first prize for 1920 to Steele, declaring "Footfalls" the greatest short story of the year. This naturally made the work attractive to motion picture producers as a possible basis for a photoplay. The drama is said to be one of the most gripping and most amazing in theme and treatment ever shown in pictures on the screen.

80 PER CENT OF WEED SOLD CO-OPERATIVELY

Barker Gives Figures Showing Results of First Year's Work By Burley Pool.

(By Associated Press)

Lexington, Ky., Nov. 23—More than 80 per cent of the burley tobacco grown in the 7 burley producing states was marketed co-operatively during the 1921-22 season, according to figures compiled by Ralph M. Barker, director of warehouses for the Burley Tobacco Growers' Cooperative Marketing Association, from sworn statements to the state of Kentucky.

In the first year of the organization, the loose leaf auction sales decreased from 297,493,346 pounds to 57,600,273. The average price the year before the association began operation was \$13.27 a hundred. The price of the free sales in competition with the cooperative sales increased the former to \$22.21. No figures of the price paid to the cooperative association are available, its prices being set according to grades. Some 16,000 growers, however, have joined the association since last season.

Chief interest in the report is found in the records for 1919-20 when 309,339,021 pounds of burley sold for an average of \$32.66 a hundred, the highest price ever paid at auction sales. The 1920 average was the lowest in years.

Mr. Barker's figures cover not only the five states included in the association, Kentucky, Ohio, Indiana, West Virginia and Tennessee, but also Missouri and Virginia. Missouri sold nearly four million pounds of burley tobacco last season and Virginia half a million.

In 1920 Kentucky sold 256,791,626 pounds over the loose leaf floors; Tennessee 10,244,409; West Virginia 10,106,595; Indiana 8,698,820; Ohio 7,356,900; Missouri 2,969,600 and Virginia 1,325,430. Last season in the loose leaf houses only 30,927,610 was sold in Kentucky; West Virginia 5,481,010; Tennessee 5,056,168; Missouri 3,700,000; Indiana 3,283,755; Ohio 2,633,415 and Virginia 518,315.

MADISON CLOSSES SEASON FRIDAY

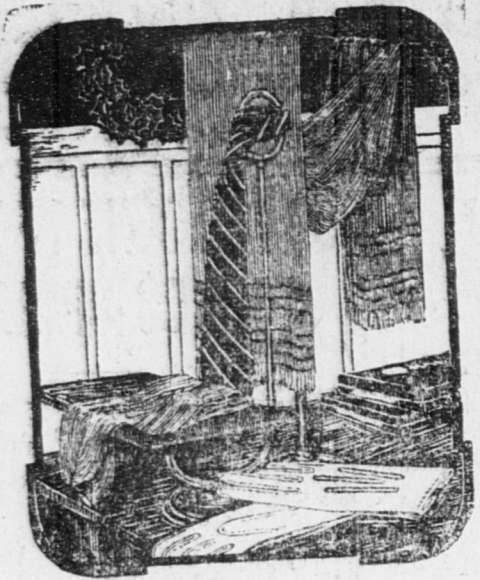

Under present arrangements Madison Hi plays her last football game Friday with the Pineville Hi eleven on the latter's field. It is only barely possible that Madison will be matched for a Thanksgiving game. The Furples leave Thursday noon for the Bell county seat with several loyal rooters with them. This game which is the climax of Madison's season, will give the locals a real test. The Pineville aggregation is probably the best in eastern Kentucky. They also have some of the scamps of some of the leading blue grass teams dangling from their belts. Madison is quite aware of their strength but believe they can match it. It has been learned from some of the teams having played Pineville that the Bell county boys direct their attack thru their opposition's line. This is where the locals have been strongest all season.

Lassiter's purple clad warriors are all set for the Pineville contest. They showed up well in the scrimmage with Eastern on Tuesday, but the following day limited their practice to light work. The locals have shown good form in their last two games by defeating Middlesboro and Clark County. The town and the school are hoping that the good work will be continued long enough to down the fighting Pineville lads. If all the fans who have signified intentions to go carry out their plans, the Madison squad will have a good band of rooters at the game.

Bible Thought for the Day THE GOLDEN RULE:

Whatsoever ye would that men should do to you, do ye even so to them; for this is the law and the prophets.—Matthew 7:12.

Lot of things have been said of Madison's place in the mud since she beat the road tax to provide money to secure state-aid funds to build better roads. The Daily Register has felt so chagrined over this display of backwardness on the part of her citizens it hasn't had much to say about it. But our neighbors have been talking and wondering what's the matter here, anyway. Editor Marshall Vaughn of the Berea Citizen, thinks there is yet hope for Madison though. He says:

Madison county, our own conservative, beloved stand-pat Madison county, is no less an enigma to the thoughtful, forward-looking citizens. Madison county actually defeated a goods roads program which would have meant more for the public highways of the county than anything that has been attempted for many years.

Yet we are democratic in our form of government, and who will dare to tell the least citizen among us how he shall vote? We may influence him, sometimes by truth, sometimes by falsehood, but, nevertheless he has the inalienable right to vote. Sometimes he votes for the weal, and sometimes for the woe of his county, but nevertheless it is his right to vote. We are not discouraged, but we, with the true eye of faith, are hoping for another chance in Madison county to express ourselves on the subject of public improvements.

MARY GARDEN AT LEXINGTON NOV. 29

Mrs. Selby Wiggins was host to her bridge club at its last regular meeting. Among the guests were Mesdames R. C. Boggs, Jack Wagers, H. B. Cosby, Murison Dunn, Harold Oldham, Sam P. Wagers, Douglas Parrish, Mrs. William Collins, of Staunton, Ky., and Mrs. Robert Duncan, of Kansas City, Missouri.

Ouch! Rub Backache, Stiffness, Lumbago

Rub Pain from back with small trial bottle of old "St. Jacobs Oil."

Back hurt you? Can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on your back and out comes the pain. It is harmless and doesn't burn the skin.

Limber up! Don't suffer! Get a small trial bottle of old, honest "St. Jacobs Oil" from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

Mother-To-Be, Read This—

Here is a wonderful message to all expectant mothers. When the Little One arrives, you can have the moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says: "With my first child I had a doctor and a nurse and they had to use instruments, but with my last two children I used 'Mother's Friend' and had only a nurse. I wasn't very sick—only about ten or fifteen minutes."

Note: Write for valuable, free illustrated book, "Childhood and the Baby," containing important authoritative information which every expectant mother should have, and all along. "Mother's Friend" is sold by druggists everywhere.

Mrs. Baldwin To Quit

Ranch For The East

San Francisco, Nov. 23—Deserting her famous stables of thoroughbreds and her equally renowned kennels for the cultured advantages of Boston, Mrs. Anita M. Baldwin, daughter of the late E. J. ("Lucky") Baldwin, millionaire horseman, is to devote her future activities to the musical education of her son.

Today the famous California woman arrived for a brief visit with her son, Baldwin M. Baldwin, who is a student in the University of California at Berkeley.

"My son has long wished to study music and I believe the talent should be encouraged," Mrs. Baldwin said. "Of course, I love California and hate to go away, but I think it is the best course. My son intends to transfer from the University of California to Harvard."

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its Natural Color, Gloss and Attractiveness

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though, is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients.

While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and, after another application or two, your hair becomes beautifully dark, glossy, soft and luxuriant.

Studebaker

Order Your Christmas Studebaker Now!

In order to have a Studebaker Light-Six Sedan at the door when the family comes downstairs Christmas morning, you should place your order now.

The Sedan is the ideal gift because it will provide happiness for all the family—all the year—and the years to come.

The sturdy body of the Light-Six Sedan, like the chassis, is built in Studebaker plants. It is constructed to give long, satisfactory service. Only the finest materials are used. Craftsmanship is unexcelled.

It is cradled on long, strong, semi-elliptic springs. The nine-inch seat cushions, upholstered in mohair velvet plush, are restful. The heater, cowl ventilator and the wide windows, among many other features,

add to its year-round comfort and utility.

The reliability of the Studebaker Light-Six Sedan has been proved in the hands of thousands of enthusiastic owners.

It is strictly a quality car. Its low price of \$1550 is possible only because of complete manufacture in one of the most modern and complete automobile plants in the world. This means the elimination of middlemen's profits, and the savings are passed on to you.

And back of the beauty and dependability of the Light-Six and its completeness, its advanced design and precise workmanship, is the Studebaker name, which after 70 years enjoys public confidence and respect more than ever.

Heater, Eight-day clock, Thief-proof transmission lock, Cowl ventilator, Side coach lamps, Rain visor and windshield cleaner, Inside locks on three doors and outside lock on right-hand front door, Silk roller-curtains, Four doors that swing wide open, Dome light, Mohair velvet plush upholstery.

AN OLD FASHIONED HOG-KILLING TIME

Bend, Nov. 23—This cold wind brings to my mind times long ago when I was at home with father on the farm. Hog killing time is here. This is the way we did it then. For six weeks or two months we put them in a floored pen and fed them until they got so bloated heavy they could hardly walk. When the wind whipped out of the north and the women and children were fussing about more fire, for it was turning cold, father said, "We will kill hogs tomorrow." We were up before day and a fire was built under the kettles.

When the water was boiling we were ready for business. Father had the old muzzle-loading rifle and took aim at the white spot in the middle of the big barrow's forehead. But just as his finger touched the trigger the hog ducked and all he got was a squeal and the "hoss laf." Funny how we boys laughed at father for missing a hog!

After a while they were all killed, hung up, dressed all were busy on soap grease, lard, livers and lights and soon the kids blew up the bladders and very soon there was a dog hiking across the field with one loaded with beans tied to his tail.

Father would tell the one who cut up the meat how to keep the skippers out. After you take the ham out of the salt smoke them and rub them good with a mixture of "lasses," red pepper, snuff, smoking tobacco, camphor, rosin and vinegar and no fly can live that tries to put eggs on these hams. A neighbor standing by would suggest that we eat the hams first and you will beat the durned skippers. When it is night the sausage is ground and the lard poured into the jars and the meat laid out to cool to be salted away and for days to come we had good things to eat.

Although some of the modern town folks say that vegetables, fruit and wheat bran and "sich" give me the old time eating, with crackling bread and let the children come away from the table with their chins greasy and you will see big, robust men and women in days to come.

HER AILMENTS ALL GONE NOW

Mrs. Sherman Helped by Lydia E. Pinkham's Vegetable Compound

Lake, Michigan.—"About one year ago I suffered with irregularities and a weakness and at times was obliged to rest my feet. I doctored with our family physician and he finally said he could not understand my case, so I decided to try Lydia E. Pinkham's Vegetable Compound. After I had taken the first bottle I could see that I was getting better. I took several bottles of the Vegetable Compound and I am entirely cured of my ailments. You may publish this letter if you wish."—Mrs. MARY SHERMAN, Route 2, Lake, Mich.

There is one fact women should consider and that is this: Women suffer from irregularities and various forms of weakness. They try this and that doctor, as well as different medicines. Finally they take Lydia E. Pinkham's Compound, and Mrs. Sherman's experience is simply another case showing the merit of this well known medicine.

If your family physician fails to help you and the same old troubles persist, why isn't it reasonable to try Lydia E. Pinkham's Vegetable Compound?

LOCAL BOYS STAR ON FOREIGN FIELDS

Bill Crutcher and Jimmie Carr, local boys, who were stars of the Normal Hi eleven last season, have shown up exceptionally well in different uniforms this season. Both have proved themselves to be real players who do credit to Richmond.

The call from Greenbrier Military Academy, located at Lewisburg, Va., caused Crutcher to go there this fall where he made good at once. He has been playing fullback all season, doing all of his team's punting and passing. Besides this he has distinguished himself as quite a drop and place kicker. Whenever he has been called upon to carry the ball he has responded in brilliant fashion. His toe, however, has brought the prep championship of Virginia and West Virginia to his eleven. Last Saturday a 30 yard drop kick on Bill's part spelled defeat to the fast Staunton Academy who were the contenders for the title won by Greenbrier, the score being 3 to 0. The previous Saturday Fishburne, a Virginia military school, was defeated by a score of 10 to 3, a 40 yard place kick by Bill being responsible for three of Greenbrier's points. Charleston, West Virginia, Hi is among the Greenbrier victims. These boys have played their last game unless Huntington can be secured, for a game this week. However, the title would not likely be changed by this game. Kit Crutcher has also shown up well as a substitute on this team. Kentucky Military Institute was very fortunate in securing the services of Jimmie Carr this year. He has been the bright

Fine Madison County Farm Known as "Ellendale" at COMMISSIONER'S SALE

Madison Circuit Court,

JOHN R. GIBSON'S ADMINISTRATOR, Plaintiff,

vs.

JOHN R. GIBSON'S DEVISEES AND CREDITORS, Defendants.

Pursuant to a judgment and order of court in the above entitled action, the undersigned commissioner of the Madison Circuit Court will on Wednesday, November 29, 1922, at the hour of 11 o'clock A. M., at the mansion house on the premises hereinafter described, will offer for sale the landed estate of the late John R. Gibson, known as "Ellendale," and more particularly described as follows:

This tract of land contains 176.63 acres and has been sub-divided by a civil engineer into four tracts, as shown from the blue print filed with the papers in this action.

TRACT NO. 1—Contains 65.26 acres and on which is located the mansion house and outbuildings. This tract of land fronts the Lancaster Pike, adjacent to the Eastern Kentucky State Normal School and the mansion house and barn are watered from the water works of the City of Richmond, Ky., and lighted from the city lights.

TRACT NO. 2—Contains 34.99 acres and lies east of the property of the Eastern Kentucky State Normal School and is reached by a forty foot roadway leading from the Lancaster Pike in an easterly direction along the south edge of the property of the Eastern Kentucky State Normal School, as shown from the blue print above mentioned.

TRACT NO. 3—Contains 35.48 acres and lies just east of Tract No. 2, and is reached by the same roadway as is tract No. 2.

TRACT NO. 4—Contains 38.89 acres and lies just east of Tract No. 1, and south of Tract No. 3. This tract is also reached by the same roadway mentioned above.

The commissioner will first sell Tract No. 1, then tract No. 2, then Tract No. 3, then Tract No. 4 or enough of one or more of said tracts to bring the sum of \$54,000.00. After selling said tracts of land separately the commissioner will then offer the same as a whole and accept the bid or bids bringing the most money.

This property is in a high state of cultivation and is as well or better located than any other property near the City of Richmond, Kentucky, that will be offered for sale in the next fifty years. For homes, and for people who wish to live in and near the Normal School or the Madison High School this property cannot be excelled. It is adjacent to the city limits of the City of Richmond, Kentucky, with all advantages enjoyed by the residents of the city and without the burdens of taxations borne by residents of the city and fronts the busiest and most up-to-date thoroughfare in the city of Richmond. The residence and outbuildings on Tract No. 1 consists of an eleven-roomed, brick colonial homestead with all modern conveniences and in perfect repair, costing over \$40,000 and two tobacco barns, tenant house, garage, scales and stock barns and other outbuildings, vineyard and orchard. This property is now ready to be cultivated or put to any use the buyer may see fit. Persons desiring to see the subdivisions can see the same at my office or in the office of the circuit clerk.

TERMS—This property will be sold on a credit of six, twelve and eighteen months, the purchaser or purchasers being required to execute bonds for the purchase money, bearing interest at the rate of six per cent from date of sale until paid, payable to the commissioner. Possession of said property will follow confirmation of the sale, except the residence property and possession of that will be given when the terms of the sale are complied with. A lien being retained on the land sold until said bonds and interest are fully paid.
